KvT: Last year we had the first set of the KvT Challenges. They were great, but with much more planning and time to plan, we, the Holicong 2015-2016 Student Council, are going to make this year's challenges even better. KvT is a series of challenges, with one held each month. The challenges are held mainly between the different grade levels and teachers, and can include different community members. KvT occurs in many places throughout the school depending on the event, and is done to promote the relations between the students and teachers of Holicong. Each team is awarded points based on its performance and at the end of the year the winning team wins the KvT Cup. As most of you know, we have our Spirit Night planned this Friday, on September 18th. On the same day, but during school, the first KvT will be held. Dress up the best way you can to represent Holicong. Voting will occur Friday. More details to come.
