## Sample Honor Code by CB East Teacher

- **PRIDE**: I will submit my own work and not submit work that is not completely created by me without proper attribution. I will take pride in the efforts I have made to demonstrate my personal understanding of the materials.
- 
- **ACCOUNTABILITY**: I will be accountable for my actions and understand the consequences if I choose to engage in inappropriate behavior.
- 
- **TEAMWORK**: I will complete my own work and not have someone do my assignment in part or in whole. Likewise, I will not do an assignment for someone else. I understand the difference between actively collaborating/contributing to a group and plagiarism.
- 
- **RESPECT**: I will respect the unique difference between every student, teacher, and individual within my school community. I will respect their own individual experiences as I respect my own.
- 
- **INTEGRITY**: I will submit honest and authentic work that reflects my understanding of the materials and not use assignments submitted in previous semesters.
- 
- **OPPORTUNITY**: I will create a positive learning environment by using only the authorized sources to aid in a test, quiz, homework or classroom assignment. I will openly communicate with my teacher and seek out assistance if I am struggling with content and materials.
- 
- **TRUST**: I will be honest and not share or seek information about a test or quiz before, during, or after it has been taken. Likewise, I will do my personal best and not look at someone else's test during a test or ask someone during the test for help.

Cheating in your education is like taking for granted what you are learning while also being credited for what you haven't learned.

~ Zainab Al Hamm

# Integrity

Your GPA is supposed to reflect your own work and not your wit or clever shortcuts that grant you what you want instead of what you deserve.

~ Molham Homsy

# Integrity

---

We laugh at honor, and are shocked to find traitors in our midst.

-- *C.S. Lewis*
